LEGO EXO-FORCE

Sets needed:
8101 Claw Crusher
8104 Shadow Crawler
8105 Iron Condor

IRON CRUSHER

Built from the frames of three dangerous robot battle machines, the unstoppable Iron Crusher is a force to be reckoned with at the top of Sentai Mountain. With its reinforced armor and powerful weaponry, it has been programmed with one sole purpose: to crush EXO-FORCE's best defenses and smash the walls of the Golden City. Only the Sky Titan can stand against its might.
